

International Conference  
**European Conference of Speech-to-Text Interpreters  
(ECOS) Vienna 2022: PostPandemicPerspectives**

**CALL FOR PAPERS**

The **Centre for Translation Studies at the University of Vienna** in cooperation with the **Board of ÖSDV – Austrian Association of Speech-to-text Interpreters** is delighted to announce the next edition of the biennial *European Conference of Speech-to-Text Interpreters (ECOS)* on *PostPandemicPerspectives* to be held in **Vienna, Austria** from **26 to 28 August 2022**.

### Aim and scope

The European Conference of Speech-to-Text interpreters aims to bring together researchers, practitioners, language service providers and other stakeholders within the field of speech-to-text interpreting (STTI).

At the ECOS 2022, we focus on the working conditions and how they have changed because of mainly working online due to the pandemic: what are best practises within the community for the different techniques and how to charge for remote services? Have user requirements and preferences changed as well and are there new scientific studies on that matter? And, what about interlingual STTI and further training possibilities (intra- and interlingual STTI) once you completed your formal education – so, how to stay relevant to new skills and technology?

Along with the presentations and posters, a round table for national and international STTI associations will be part of the conference as well as networking sessions and a cultural program.

### Topics

We welcome a broad spectrum of conceptual, methodological, empirical, and practical contributions from various backgrounds relating to the conference.

**Suggested topics** for presentations and posters include, but are not limited to, the following:

- different STTI settings, both within the public and the private sector: establishing working conditions and calculation of fees thereof
- online / remote settings: best practices for different STTI techniques (conventional keyboard, speech recognition, Velotype)
- interlingual STTI, including Plain / Easy language
- usability – user requirements and preferences for live text produced by STTI
- further training possibilities for beginners and advanced practitioners (recommended for poster session)

## Submission of abstracts

Submissions are invited for 30-minute presentations (20 minutes presentation and 10 minutes discussion) as well as for posters. Abstracts should be submitted in English and contain no more than 500 words in length (excluding references and 3–5 keywords) and clearly state the research question(s) and/or goals of presentation.

Please send your abstract to the conference organizers ([ecos@oesdv.at](mailto:ecos@oesdv.at)) by **28 February 2022**, both in .DOC / .DOCX and .PDF formats.

## Conference language

English

## Location

Centre for Translation Studies, University of Vienna, Vienna, Austria

## Registration fees

- |                                      |       |
|--------------------------------------|-------|
| ▪ Early-bird regular fee (general):  | € 150 |
| ▪ Early-bird reduced fee (students): | € 85  |
| ▪ Regular fee (general):             | € 185 |
| ▪ Reduced fee (students):            | € 120 |
